Wine Club

2022 - 2023

HOW IT WORKS

Monthly Wine Specials will be sent out the first Tuesday of every month via email

Pre-Order bottles of wine from the F&B Management Team

Orders take 3-4 business days to be delivered

Wine will be charged to your account as it is delivered.

Red wines will be stored in the wine display in the new casual dining room. White wines will be stored in a temperature-controlled cooler in the F&B office.

You will be notified via phone once wines are delivered

You can leave the wines here until you are ready to enjoy or we can have them delivered to your house at no additional cost

If you make a dinner reservation a personalized wine list will be at your table, with your current inventory

Let the server know if we can present a bottle for you, our team will handle the rest
